

University Offerings

RAPS offers a number of tools to help educators choose resources for their students. Want more information? Contact Jill Yager at jyager@raps.org.

Student Pricing

RAPS Student members receive 50% off the nonmember price on all RAPS books and e-books. The student pricing will be applied during checkout.

Nonmember students enrolled in a course/program that uses a RAPS-published book can get 50% off the nonmember price. The discount must be setup through their instructor and the instructor will be provided a code for distribution to their students.

Customized Books

Instructors have the ability to hand-pick chapters from across multiple books to create a customized book that better aligns with their curriculum. Instructors can search [RAPS Library](#) or request a “Custom Content Catalog” to review and select their chapters. Pricing will be calculated based on the number of chapters included in the customized book.

Examination Copies

Instructors can purchase a discounted examination copy of any RAPS book prior to selecting it as a course text. Examination copies are priced at 50% off the nonmember price, plus shipping for printed books. Within 60 days, the instructor may either:

- Convert their examination copy to a desk copy and request a refund of the examination copy fee, or
- Keep the book, at the discounted rate, for their own use.

Desk Copies

Instructors who specify a RAPS book as a required – as opposed to recommended – text for a course are entitled to a complimentary copy of the book with the understanding that enrolled students will purchase 10 or more copies.
