RAPS REGULATORY AFFAIRS PROFESSIONALS SOCIETY

2027 RAPS ACADEMIC ENTERPRISE MEMBERSHIP

Empower your students and faculty with the knowledge and tools they need to thrive

I thought regulation was just a part of pharmaceuticals, but I realized that regulatory is so big. It's not just a part of pharmaceuticals—it is pharmaceuticals and medical devices and combination products and biologics and diagnostics.

Krishna Patel Pharmacy Student, Arizona State University (ASU)

Accelerate professional growth for your faculty and students!

RAPS is committed to elevating the skills and competencies of our future leaders. By becoming a RAPS Academic Enterprise Member, your faculty and students in regulatory and life science programs gain access to a wide range of benefits, empowering them with the knowledge and tools they need to thrive.

- Stay informed on the latest global regulatory news and trends
- Develop talent with specialized education, training and certification
- Grow networks with thousands of regulatory connections
- Navigate the profession with reports and research
- Share expertise by collaborating and raising your professional profile

Plus, your organization receives special recognition at RAPS' signature events like RAPS Convergence and RAPS Euro Convergence. And, you receive a single point of contact for all of your member needs.

"When I was in my bachelors of pharmacy in India, I was more interested in the rules and regulations of drugs and how they come to market. That made me think I should pursue regulatory."

Harshit Bhoraniya

Regulatory Affairs Masters Program, Northeastern University

Did You Know?

RAPS has an extensive portfolio of regulatory publications available for professors and students to support your curriculum and course needs through our University Resources program. These are some of our most popular texts. You can also create customized resources that combine specific content from our library of texts, fundamentals series, and topical offerings.
